Idongesit Ntuk

Full Stack / Blockchain Developer

SUMMARY

I'm a Full-Stack web developer from Nigeria who loves working with challenging designs and amazing functionalities. In the past 8 years, I have worked as a full-stack developer almost every day. From optimization, security, and maintenance tasks, solving different challenges. I also consult for new solutions, especially for startups. Almost all my projects involve NodeJS, React, Postgre, HTML5, CSS3, and JavaScript.

KEY SKILLS

- Web Development & Maintenance
- Software Development Lifecycle
- Requirement Gathering
- Blockchain/Web3 Development
